

# We make time for Accountancy businesses.

Imagine an employee who works 24 hours a day, 7 days a week and 365 days per year. Who never takes holidays or gets sick. And who never makes a mistake.

At FD Intelligence we make time for various accountancy clients by automating routine & repeatable business processes, usually undertaken by members of staff.

## Impact we have had on our clients:

**3**  
out of  
**6**  
staff members freed-up from doing Bank Reconciliations. Now focusing on more valuable work.

**3**  
Payroll  
Platforms  
we've already delivered automations across IRIS Payroll, Sage Pay & Paycircle

**96**  
hrs/wk  
saved by automating Supplier Statement reconciliation. Two staff now re-deployed.

**1**  
FTE  
no longer required in a VAT team, plus no on-going need for extra staff at peak periods.

## Why Accountancy & automation?

The accounting sector is ripe for automation because:

-  A huge amount of repetitive processes.
-  A need for exact accuracy.
-  Capacity issues for many firms.
-  Happier employees lead to reduced staff churn.

At FD Intelligence, we have already successfully automated:

- Bank and Supplier Statement reconciliation.
- Payroll, inc. on-boarding, reporting plus BACS & pension integration.
- Client onboarding, including AML checks & Letters of Engagement.
- Tax & VAT compliance, inc. submission to HMRC.
- Insolvency processes & procedures.
- Billing & invoice processing.
- Financial reporting, often building upon internal accounting software.

## What we promise:

- Time-saving & greater capacity.
- Better staff & client retention.
- Increased profitability.

or watch our automations in action by scanning this QR code:

"Within the space of just one month, the benefits of working with FD Intelligence have been noticeable. Mundane and time-consuming monthly Payroll report filing is now automated, freeing up the team to focus on other tasks. In one location alone, we have already seen time savings. Several of the team commented on the difference it made during our busy period."

**Will Hanbury, Audit & Payroll Partner.**
